THE Rice Raiser

2010 CAMPAIGN

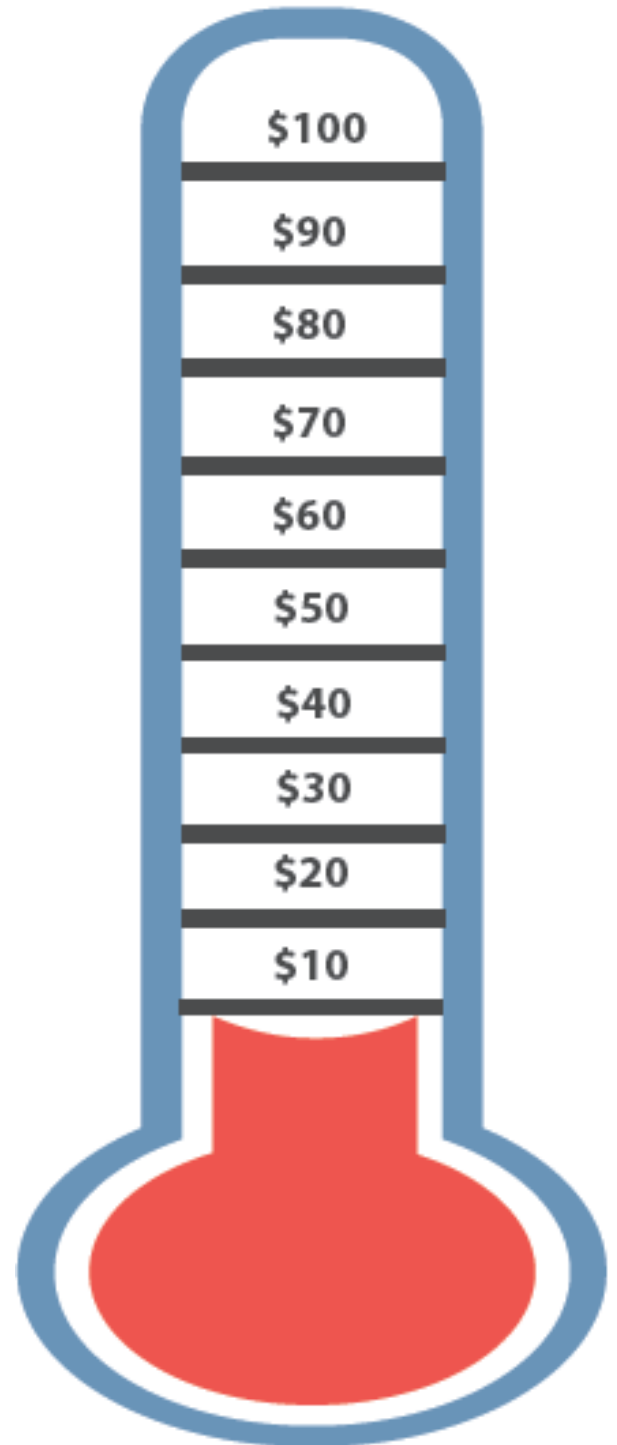

A Place At the Table - UGANDA

Due to years of civil war, turmoil and strife, many children have been orphaned and abandoned. They need the love and protection of a family. We are helping provide food for two newly established group homes where they can receive love, care and nurturing. Every child needs to know that they belong...to have heir place at the family dinner table.

\$33 per month per child.
